

Sachin Ranjan

sranjan2219@gmail.com — GitHub — LinkedIn — Portfolio

Objective

B.Tech Computer Science student with strong problem-solving skills and a growing interest in Software Development and Data Structures & Algorithms. Experienced in building AI-powered applications and real-world software projects using Java, Python, and C++. Passionate about developing scalable and efficient solutions while continuously improving software engineering and algorithmic skills.

Education

Quantum University

2024 – 2028

Bachelor of Technology in Computer Science Engineering

SLK College, Sitamarhi, Bihar

Senior Secondary (Class XII)

SSDPS, Samastipur (Sakra, Dholi), Muzaffarpur, Bihar

2021

Secondary (Class X)

Projects

• Mushroom Detection & Classification System

- Developed an AI-powered mushroom classification system using YOLOv12s and CNN models
- Implemented preprocessing and real-time inference pipeline with high prediction accuracy
- Deployed the application using Streamlit for interactive usage

• AI Crop Recommendation System

- Built a Machine Learning model using Random Forest for crop prediction based on soil and climate conditions
- Designed and deployed an interactive Streamlit application for real-time recommendations

Publications

Mushroom Detection using YOLOv12s

Published in IEEE Conference (UPWIECON 2025)

Technical Skills

Languages: Java, Python, C++, C, SQL

Core CS: Data Structures & Algorithms, Object-Oriented Programming, DBMS

AI/ML: Machine Learning, Deep Learning, Computer Vision

Tools: Git, GitHub, Linux, Streamlit, VS Code, IntelliJ IDEA, Google Colab

Achievements

- 5 in C++ on HackerRank
- IEEE Published Author (UPWIECON 2025)
- Built and deployed multiple AI-powered applications

Certifications

- Java Programming — NPTEL (Elite + Silver)
- Quantum Computing — IIT Roorkee
- C++ Programming
- HTML & CSS
